

Directions to Electrical Engineering Division Building (Tel 01223 748300)

- 1 Going north on the M11 from London/Stansted, leave the M11 at Junction 13, and turn right towards Cambridge.
- 2 If travelling from north of Cambridge, drive south on the A14 and continue going south onto the M11. Because it is not possible to leave the M11 at junction 13 when travelling south, you should continue along the M11 to junction 12 (Cambridge, Wimpole and Barton), and double back, by negotiating the roundabouts to re-join the motorway going north so that you can take the exit to Cambridge at junction 13 as above.
- 3 Take the third turning on the right (JJ Thomson Avenue - signed to the Cavendish Lab).
- 4 Take the first left, before the William Gates Building.
- 5 Follow the road around, past the Microsoft building (on the left). The Electrical Engineering building is immediately after, on your left – it has a fountain outside.
- 6 There is a small visitors' car park in front of the Electrical Engineering building.

As limited spaces are available, visitor parking should be reserved in advance through your host. Alternative parking available at the Madingley Road Park & Ride site, or use the uni and citi 4 bus service from the city centre.
 The postal address is: Electrical Engineering Division, Engineering Department, Cambridge University, 9 JJ Thomson Avenue, Cambridge CB3 0FA
